Activity

Sketchy Faith

Action: Try this prayer out as a first step! You can write it or say it out loud

“God, thanks that you want to dwell with us, and that Jesus Christ paved the way to connect. Even though there are problems in the world and in my own life, and that I don’t always get things right, I’m thankful it’s not all up to me to figure out.”

“I invite you to innovate with me, starting with my own perspective. Show me in a new season how you want to connect with me.”

Now: See what happens in the next week, month, or season. Pay attention to words, pictures, dreams, ideas, or opportunities that seem to jump out at you, even coincidences count!

If the critic’s voice tells you to stop, ask yourself: why would I stop if God would actually connect with me?
